

Re Covid-19 Pandemic – Chromtech Business Effects > BLOG

From Website www.chromtech.net.au/re_covid19-m5.htm

Some WorldHealthOrganisation Updates (excerpts Only)

. as permitted by CHINA . . . arguably ! . . . ?

Our DISCLAIMER Applies

**WE like most individuals and Small Companies
ARE Responsible And ACCOUNTABLE !
BUT ONLY FOR THINGS UNDER OUR IMMEDIATE CONTROL !
NOT withstanding the dictates of Governments, THE bureaucracy
. . . > And the mind-less “Extremists” > “Greenies” etc
. . . & their interpretations, procrastinations > blunders
>>> and the dire consequences there-of !**

My Opinion ONLY ! > My “BLOG” > for GOOGLE !

NOT designed to “incite” protests or “riots” like the “condoned BDC “extortion” !

Covid-19

Chromtech Business

- OUR Business is as Usual & NOT Affected by Corvid-19
. . . at least in those matters we still have some control over !
- WE have always been home-based anyway !

That is NOT a situation I would encourage from personal experience & Only for the “hardy”

The limitations are with U and Your mind-set ! and 3rd party Suppliers, Freight Cos etc

- AND the bureaucracy > imports are Not generally affected
allow 2 weeks generally (dependent on our Suppliers stock !)
State Border & ~ Shut-down “ > Freight Not affected - Air ! but Road ???
- We send by **Toll Air** (if less then < 5kg) OR Your Courier
& All this > Dictator Dans edicts / scare(s) !

My Opinion ! ONLY!

Despite the extortions, extrapolations, mis-interpretations of the evolving “real” databy the media & “others”
In Victoria the Covid-19 trauma has been grossly exaggerated !

**YOU can argue the real cause / the strategy BUT “the consequences” ARE THE CATASPROPHE for us ”
mere mortals “ !**

**but All of course with sympathy to all those directly or indirectly effected medically but more-so
economically and financially (for those NOT Government subsidised ! OR “on the take”, politically bribed
etc)**

- whether it's “manslaughter by neglect” there seems to be NO ACCOUNTABILITY to those directly or

Absurd! . . . they're insane . . . in fact ! . . . "the inmates are in charge of the asylum"

2020 Apparently via the ABC You can even threaten to "burn the country down" on TV / via the media but you canNOT voice a simple "opinion" via that stupid Facebook crap! Without "horrific " legal /criminal consequences unless you "conform" let alone theB "condoned" **BLM** riots in **Melbourne** & elsewhere !

We "the mugs" have now endorsed / approved Dan's continuation of **Stage 4 Shutdown** for another 6 months from Sept 13 2020 to the chagrin of the " Rest Of The World "

Andrews claims (by **Poll**) he has >50% support for his policies > that's the level of the "artificially "bribed" workers "on the gravy train" ! via **JobSeeker payouts deservedly Or Not !**

In reality . . .

Covid-19 . . .

- Less severe than the normal average annual "flu" which normally goes unreported by the media
- Lock-downs are financially crippling the States (Australian and the World economy ! to tune of Billions in Australia to Trillions of \$\$\$ WW !
- compared to the potential harm caused by the Global Warming "catasrophe predicted" by the "experts" but spread over decades to 100years
- Notably "this scare" has "run out of steam" a la Victorias coal shut-down crisis ! in fact Now completely debunked (
- 2019 in Australia ~1200 "flu" deaths compared to 300 CVD in Victoria (Aug2020)
- Flu viruses are proven to mutate yearly > medium term.
- Proven so far > there is NO long-lasting vaccine > probably never will be!

"herd" immunisation in effect means epidemics do eventually dissipate.

- Incidental death like suicides cause by and normal deaths (road, normal morbities) are far in excess and hardly get a mention as are indirect deaths, and by medicos being unnecessarily tied up causing unnecessary deaths > by cardio, cancer as a consequence of delayed necessary attention to normal events !
- the crazy State Border close-down is un-Constitutional causing huge losses to trade and agriculture exacerbated by the "gutless" and "peanut" State politics and Federal Parliament.

Precautions? Yes ! by "All means" !

- but on a reasonable " cost benefit analysis "
 - the "complete" lock-down > imprisonment of the public
- CBD and streets are completely deserted even the Defence Forces are being "over-committed"
- at worst enabling a " walk-in takeover " by the " Chinese " as a deserted country > uninhabited and arguably the pretext of the original colonisation of Australia

absurd ? yes ! but in line with Andrews " Belt & Road " initiative !

. non-disclosed as it is !

but honestly why would they even bother ? they are doing it financially / economically by stealth thru the stupidity of current Governments (in particular I Victorias' one and only "Dictator Dan"

The Spanish Flu 1919 killed an estimated 60 to 100 million people WW and eventually simply "ran out of steam" and potential victims partly admittedly due to low global transmission rates (by sea !)

There was simply NO adequate medical answers at the time and the slow

60% "herd immunity" was the "natural"outcome !

All now exacerbated by "over-inflated" largely unnecessary / misused Global Air Travel.

even more ! > *Arguably perhaps ?*

- there are ameliorant medications eg **Hydroxychloroquine (+supplements eg Zinc** > an ionophore > synergistic effects !)
- despite contrary “ fake science “ reports and “smart” Health Authorities and Govts now even declaring this to be a “poison” > false !.
- >All despite being proven over 50 years to have immense medical benefits for many diseases when use correctly > WITH NO SERIOUS PROVEN SIDE EFFECTS !
- Now> enforced immunisation of anti-virus drugs IF and When they may come available, probably without adequate necessary safety checks in the “contrived” panic scenario !
- **Further . . . > my contention is possibility of “encapsulated” Vitamin C despite the discrediting of VC by Medicos and Pharma, FDA’TGA generally over the past 50 years).**
- **there is simply No incentive for use of this low cost medicant by Pharma COs COMPARED TO PROMISED SHORT-TERM VACCINE POSSIBILITIES**
- **the consequences of the forced Society Shutdowns are now being shown to have far more disastrous effects , medically, mentally, economically, financially than the virus itself !**
- **ludicrous (shut-down / restrictions) . . . home confinement; the ban of playing golf, tennis, fishing even tennis and non spectator sports etc, etc.**
- **viruses seems largely confined to the elderly but obviously being confused even distorted with existing co-morbidities)**
- **little effect on younger people who generally have stronger / non-compromised immune systems.**
- **lack of adequate patient management has been a major contributing factor to the spread , with obvious Government negligence / incompetence / panic through ignorance or stupidity or non-sensical “on the fly” arbitrary ill-considered regulations > beyond any reason !**

But like any Drug !

Used In the right context (with Zinc > synergism)); right dosage; for correct timing perhaps !

NOT distorted trials common to the “pharma industry” - there is simply NO Perfect Cure for Anything !

Cause & Effect > current Band-aid medical only partly effective ! > Eradicate the obvious cause(s)! > a paradigm shift !

- **US-FDA, TGA etc are All about statistics and relative benefits > NO Absolutes**
- **All confused by “Fake Science” and “Fake medicos”**

ANSWERS > re virus there ain’t none ! probably Never will be ! they do tend to mutate anyway !

the common ‘flue vaccines are next to useless for example a la **Ebola**, bovine/ bird,, bat (“flu”) and the China **SARS, MERS** virus ‘ of recent times)

- All concerned > to ensure proper due diligence
- keep things in perspective ‘overall”
- use the supposed “ scientific principles” > “ **cost -benefit** ” analysis
- protect / concentrate medicos on the immune deficient (“elderly”, the sick > Heart, Cancer, mental, obeisty !
- target the “hotspots” specifically, sensibly and logically based on suburban / regional areas NOT Global where the majority of regional area are hardly affected at all !
- NOT State base **borders driven** > and absolutely “absurd” and Arbitrarily imposed by most State Governments / Health Depts and condone by the media

Tell **the virus** NOT to go over any borders ! . . . *that’s just as illogical too !*

- **WW > 3rd World countries (like China, India, SE Asia etc via poverty , lack of general hygiene are all contributing factors.**

Consider . . . specifically

- eradication of animal species known to be associated with viruses; > pigs, chickens, birds are probably untouchable - but in Australia “bats” are obviously a “necessary” target and in plague proportions in various regions regarded as useless . . . for all intent and purposes ???
- mosquitos > WW cause of disease generally eg malaria - despite the arguable premature / ill-considered ban on ddT in the '70s

for example - a proposed candidate for TseTse Fly eradication in Africa was in fact banned by the WHO on the basis that " t would cost 7 cents per human life saved ! "

but “politically” perhaps ?

- taking Health out of the hands of bureaucrats / the Public Service > It's simply far TOO Important for THAT !

A strong argument to avoid “duplicity” > GET RID OF STATE GOVERNMENTS

> “the RATBAGS” out there DON'T DESERVE A VOTE mabe under The revised Constitution a literacy / IQ Test ?

ALL Countries are doing their “secret” R&D on “germ warfare”

and

MISTAKES DO HAPPEN ! > Idiots Are Inevitable !

- *take “politics” “out of Parliament” . . . reserve for the “rational” Maybe also some sort of IQ test is needed to pre-screen them ~! . . . At least for those with some relevant experience*
- *Ban the concept / the futility of **Opposition** purely for the sake of “opposition”*

IF U really want to get paranoid about IT!

you don't need to be a “rocket scientist” to figure ALL this out !

- but don't get me started again On “ENCAPSULATED” Vitamin C

already long-time “*shit-canned*” by the “Establishment, Pharma Cos etc *why ?* . . . ‘cos it's simply too cheap !

The “Hidden” Agenda

& without getting too far into YOUR Conspiracy Theories

Who Gains ?

Politicians are bribing voters in their quest for “power”

- why the supposed “poll support” for obviously : corrupt politicians *no-care ! “permanent”* Public Servants . . . *irresponsible and non-accountable . . . at that !*

Big business parasite manipulate ride the arguably perhaps“(?)” contrived

“boom & bust” financial crisis cycles where small business are forced out > bankruptcy to consolidate the “big-end of town” !

- Banks gain by calling up forced bankrupt loans in “cohoos” with nefarious financial advisers real estate agent
- The “ bludgers ” of society . . . they get their “hand-outs” for being sacked > and the get paid for doing nothing !

Why would you vote for those who sponser these schemes ?

Middle business get a chance to “sack” any dead wood without themselves being sued for false retrenchment

Why the rush to allow “*derelicts*” of the Worlds as immigrants *eg those with 1/2 million Dollars or more to invest in Australia irrespective ! And almost by definition !*

It's all largely to “capture” the empathy “ vote ” of many ignorant non-educated gullible > . . obviously seeking the gravy trail” of the fast developing “*Welfare State*” !

The Losers !

- small business / sole-traders
- the few honest workers who might still have a conscience . . . even ! And the rest of us (**a minority even**) ! through the consequent costs thru' taxation of All types

. . . **All to support "the system"**

indicated by the Welfare State . . . now in Victoria supporting > ~50% of the population

Not discounting the . . . >

- **"bribed" scientists forced to go along with the "consensus" of "group" think !**
 - **Govts dictates tend > "YOU" get the results we want OR You lose the funding for your project or simply Don't get promoted or get pushed "sideways"**
 - **or even being put " Out of a job ".**
- numerous situations >**

All open to discussion of course ! . . . but fact !

The extreme "farce" being

The Andrews' **" Belt & Road"** Chinese "scam" of the century"

As originally proposed by La-Rouche and others > perhaps done honestly & openly and integrated perhaps by the **UN** it did have good intentions at the time to try and emulate the Asian **"Silk Road** benefits thru' **Asia/Europe** of the **Middle Ages** epoc

potentially far surpassing Other Scams

Energy Crisis

Global Warming

& All sorts of "Ponzi" Schemes

this exaggerated "pandemic"

"Cayman Islands" tax havens - where the "high fliers", politicians and " other protected species " exploit

Many big business mentioned here virtually pay little or No Tax, some even " pretend " to act as "charities" many of which have been proven to be dubious > "rorts"

You've only got to reference the "oligopolies" like Amazon,<> E-bay, Google even Microsoft all built on exploitation to the MAX All likely modelled on past historic "scams"

such as . . .

- **The Dutch Tulip Bubble:**
- **South Sea "Pacific 'Mystery" continent"> British East India Co and / or the likes there-of !**

more recent >

Corvid-19 extrapolation

Renewable Energy > sabotage of COAL Energy

the "CON" of anti Nuclear "conspiracy"

Global Warming . . . NOW > Climate Change

Energy Crise Global Cooling . . . of the 1970s

- The Housing & Internet Bubble
- various Financial Bubbles > Melt-downs (2007)
- Year 2000 Computer Date "Farce"
- the TECH Bubble
- BitCOIN Bubble
- the DOT com Bubble
- The Great British Bicycle bubble

Only > but a few of the obvious ones !

the "smart arses" DO learn from History ! . . . > hence Twitter, in-Your-Facebook

But These NOW spread at the "speed of light" ie the Internet

Mugs and politicians never "wake up > History Does Repeat Itself ! . . . if the latter do then THEY exploit The Gullible !

BUT NOT on the Village-Idiot Scale but infinitely FASTER & World-Wide

AND "The ROT" Starts from "THE Top Of The Pyramid"
