Soon! . . . to be based on Post Codes in Australia

[AddToCart] a bit useless

NOT for PDF or FLIP

Compatible Only HTM with FLASH

HTML-5 is still just a bit "CRAP"

Oct2014 . . .

The AUD has "crashed! . . . again! 12% in 2 weeks & heading South! . . . ?

. . . this is CRAZY stuff!

our [Base] Price
calculated @

Our Shoppe Prices are @AUD/USD =0.95

Nov04
= 0.87

Dec23 0.813

>Current ShoppePrice=[Base] x0.95/0.83 = x1.17

We / the World needs help to auto adjust prices because of this !
any PC nerds out there ? . . . please help the WORLD! but WE have NOW have THE "answer"
as of 04Nov2014 SHOPPE Prices are increased by 10% until further notice

so . . . ALL Shop Carts out there are probably in chaos !
